Little Boo Stories

Birthdays & Events

More than entertainers — we craft moments of wonder, connection, and joy that families will remember long after the candles are blown out.

Imagine your child stepping into their very own story — chasing treasure with pirates, dancing through an enchanted forest, or going on a bear hunt with their best friends by their side. At Little Boo Stories, every party is a bespoke adventure, brought to life by our professional actors and drama specialists using imaginative props, puppets, and pure storytelling magic.

From immersive interactive stories and sensory theatre experiences, to fully bespoke adventure parties where the theme, the characters, and the world are created entirely around your child — every detail is thoughtfully designed and beautifully delivered.

With 20 years of experience bringing stories to life at birthdays and events across London, we are more than just entertainment — we are storytellers, adventure makers, and memory creators. We bring the magic to you.

1

Choose your Party

Sensory story

Perfect for little ones up to 18 months

Our Sensory Theatre parties bring stories to life with a Big Book, puppets, music, movement, and sensory props. Each child receives their own personal prop bag to explore textures, sounds, and movement – fully immersing them in the adventure. Perfect for first birthday parties, NCT groups, and intimate celebrations. Accommodates up to 12 babies.

Interactive stories

Perfect for young children and mixed age groups Recommended up to 4 years

Our Interactive Story parties bring stories to life through a Big Book, puppets, movement, song, and sensory materials – children are fully immersed and encouraged to participate at every level. Joyful, surprising, and completely captivating for children and grown-ups alike – these are parties that go far beyond the ordinary.

Adventure Parties

Perfect for children aged 3–6 years

You choose the theme, and we transform it into a magical birthday adventure. From the very first moment, children are guided through an immersive story experience filled with imagination, games, props, bubbles, and joyful surprises.

Led by our professional actors and drama specialists, each celebration is thoughtfully designed to nurture confidence, creativity, and pure delight.

Craft table

Perfect for events and wWdings for children ages 3years +

We create an inviting craft area, thoughtfully styled to capture young imaginations while complementing your overall décor theme – no clashing colours or overly busy designs, just a beautifully considered setup that enhances your event.

Led by our professional actors and drama specialists, every craft experience is designed to nurture confidence, creativity, and self-expression – encouraging children to make, explore, and engage in a warm, supportive environment.

Creative play Stations

Perfect for events and wWdings for children ages 2 years +

Little Boo Creative Play Stations Our bespoke play stations create a magical space where children can explore, create, and play – giving grown-ups the freedom to enjoy the celebration too. From dressing up and puppet play to cosy corners and hands-on crafts,

each station is thoughtfully designed and led by our Little Boo team. Open-ended, imaginative, and joyful – perfectly designed for your special occasion.

2 Choose your Theme / Story

Adventure Party Themes

Our parties are completely bespoke – so the theme is entirely up to you! Whether your little one dreams of blasting off on a space adventure, sailing the seven seas as a fearless pirate, dancing with mermaids, or galloping through enchanted lands with unicorns – we make it happen.

We work with any theme, and we love nothing more than bringing a favourite character or beloved story to life. Whatever world your child wants to step into, we'll create the magic to take them there.

Interactive Stories & Sensory Stories

Our Interactive Story and Sensory Story parties bring the magic of storytelling to life in an immersive and joyful way. Using our beautiful Big Book, puppets, song, movement, and sensory materials, children are invited into the story at every turn – not just as an audience, but as part of the adventure.

We have a wonderful collection of stories we love to tell, each carefully chosen to captivate and delight. When you get in touch, we'll share our story list and help you find the perfect fit for your little ones.

What families say

"Every single child was engaged, interacting, and having so much fun. Parents told me their child talked about it for days – they had such a great time. I would definitely recommend."

"It was a truly excellent decision to have Little Boo Stories join us during an adult birthday celebration. Rebecca offered invaluable advice on managing the entertainment while maintaining an adult party atmosphere. Both the children and adults thoroughly enjoyed the day – I'm already planning another party. Thank you for your remarkable attention to detail and for creating such a personalised experience.

"We had Little Boo Stories host a Unicorn Adventure party for our daughter's 5th birthday and it was absolutely fantastic. From the moment they arrived they read the room perfectly – picking up on the different personalities and energies of every child. They brought so much creativity and fun while keeping everything beautifully organised. Our daughter and her friends loved every minute.
